• DESCRIPTION

Pre-cast concrete tile with organic bamboo stalk creating a texture for Asian inspired spa-like retreats.

There are three variations of Asian Bamboo tiles available; BambooStone, BambooForest and WabiSabi. BambooStone acts as a good field tile with the more dramatic BambooForest or WabiSabi as a decorative accent tile or trim.

All patterns are made to be laid with or without grout joints.

Refer to Tile Accessory page for pieces that compliment these tiles (p25).

WaterBridge series faucets from Sonoma Forge (www.sonomaforge.com) are an excellent compliment for creating an Asian feeling.

• FACTS

Tiles come in Classic Concrete in a mold release finish. As the term implies, tiles are "as is" when released from their molds.

Tiles are not diamond-sanded, sealed and waxed.

Tiles are currently not available in Stainless NuCrete™.

24 standard colors. See: www.sonomastone.com, catalog or techbinder. Custom colors available. Order samples online, or call 877-283-2400 x113.

Tiles are unfinished and unsealed. Sealing by installer.

Thin-set mortar can be used to install tiles to solid, level substrate.
