## • DESCRIPTION

Pre-cast concrete tile simulates a rustic old world cobblestone look from a quaint Cotswold cottage home.

Refer to Tile Accessory page for pieces that compliment these tiles (p25).

## • FACTS

Tiles come in Classic Concrete in a mold release finish. As the term implies, tiles are "as is" when released from their molds.

Tiles are not diamond-sanded, sealed and waxed.

Tiles are currently not available Stainless NuCrete™.

24 standard colors. See: [www.sonomastone.com](http://www.sonomastone.com), catalog or techbinder. Custom colors available. Order samples online, or call 877-283-2400 x113.

Tiles are unfinished and unsealed. Sealing by installer.

Thin-set mortar can be used to install tiles to solid, level substrate.
